Previously Scheduled Clean Sweep Appointments to Receive Priority Service

STOCKTON, Calif. – Republic Services and Waste Management – the solid waste and recycling companies that provide services with the City of Stockton – have announced they will resume special waste collections services effective June 1, 2020.

In March, both companies suspended special waste collection services due to the COVID-19 pandemic. With the restart of these services, Stockton residents will again be able to utilize the following special services.

Services that will be restarted include the removal of items placed outside of wheeled carts or containers and collections by appointment such as:
