OFFICE OF VIOLENCE PREVENTION DATA AND DONUTS ***Presentation at Stribley Community Center***

STOCKTON, Calif. – The City of Stockton Office of Violence Prevention (OVP) will be sharing information about the work they do and the positive impact they make toward reducing violent crime in our community. This public presentation, which is focused on actual data and statistics, is open to anyone interested in this topic. *Data and Donuts* will be held Friday, Nov. 30, 2018, 8:30 – 10 a.m., at Stribley Community Center, 1760 E. Sonora St.

“This is the second presentation of data and information shared by the Office of Violence Prevention team,” said OVP Manager LaTosha Walden. “We received lots of positive responses after our first session a few months ago. We found that many community members are interested in what we do and the results of our efforts. By sharing statistics about violent crime and those involved in violence in our community, it helps the entire community understand our violence reduction strategy and how we work with individuals to help them to make a better life for themselves, their families, and the community.”

For more information, please call the Office of Violence Prevention at 209-937-8880 or email ovp@stocktonca.gov.
