VAN BUSKIRK PARK MASTER PLAN FOR REUSE

Open House Community Meeting at Weston Ranch Library – September 29

STOCKTON, Calif. – The City of Stockton Community Services Department will host an open house and opportunity for the community to view preliminary plans and share ideas on Thursday, September 29, 2022, from 6:00 – 7:30 p.m., at the City of Stockton Weston Ranch Branch Library, 1453 W. French Camp Road. The purpose of the meeting is for the community to see and provide input to the proposed master plan design for the reuse of Van Buskirk Park and recreational areas.

“The City of Stockton has been working with Design Workshop, a consulting firm that specializes in developing master plans for parks and recreational areas,” said Kris Farro, Director of Community Services. “We have taken all the valuable information that has been gathered from community members about what activities and amenities they would like to see included and have developed a plan that expands and enhances current popular, well-used areas, such as basketball courts, sports fields, and playground equipment. It is a very exciting plan that provides for new uses, unique to Van Buskirk in designated areas, such as a community garden, bike pump track, bike park, disc golf, a dog park, and much more. There is even an opportunity to partner with a federal agency to create space for restoring wildlife habitat, with trails, nature viewing areas, benches, and picnic areas.”
