Project Name	Regional Wastewater Control Facility (RWCF) Modifications Project
Project Number	M16022
Projected Completion Date	15-Sep-23
Prime/General Contractor Name(s)	W.M. Lyles
Construction Manager (at Risk) name	Carollo Engineers, Inc. and Robertson-Bryan, Inc.
Architect/Engineer Names	AECOM
Subcontractor Names	<ul style="list-style-type: none"> <li>oThe RWCF Modifications Project No. M16022, has a Progressive Design-Build Contract (DBC) model, not a traditional Design-Bid-Build model.</li> <li>oAs a DBC project, the City solicited in 2016 Request for Proposals for the RWCF Modifications Project, not Request for Bids.</li> <li>oRequest for Proposals do not require interested vendors to submit a list of subcontractors. This is a different process in comparison with traditional Capital Improvement Projects, which follow a design-bid-build model that requires a list of subcontractors be submitted as part of the Request for Bid.</li> <li>oTherefore, the City of Stockton has no bids, subcontractor listings nor other related responsive documents for Project M16022.</li> </ul>
